OUTDOOR ASHTRAYS

ENHANCE YOUR IMAGE
ELIMINATE CIGARETTE WASTE
MAKE A CLEANER FIRST IMPRESSION

Cigarettes - The BIG Litter Problem

The single most common litter is the cigarette butt, which makes up half of the different forms of street litter.

Cigarette Litter is an environmental priority because it is:

- Unhygienic - Cigarette butts have been found in the stomachs of birds and squirrels.
- Offensive - People in the community hate the sight of cigarette butts.
- Expensive - If street drains clog, it costs a lot of money to free the drain.

Cigarette Litter affects everyone in the community

- Litter impacts real estate values.
- Good stores and important businesses will not locate in a community that lacks the pride to effectively control litter.
- Toxins trapped by the filter during smoking leach out into water systems.

MAKE A CLEANER FIRST IMPRESSION...

Improve the appearance of your facility and save on maintenance costs while keeping cigarette waste hidden from public view. Eliminate messy rainwater overflow and irritating trash build up.

Ecolad 14" Cigarette Disposal Unit

A Clean and Elegant solution for placement in outdoor smoking areas!

ECO3601-14
Dimensions: 3.5" diameter / 14" height
Weight: 4 lbs.
Capacity: .75 gallons / approx. 750 butts

Our Ecolad models have proven to be one of our most popular designs.

A practical and attractive outdoor ashtray that is traditionally wall mounted or may be banded to a post.

Fabricated in heavy gauge rust resistant stainless steel with an upscale polished finish.

Weathertight compartment extinguishes butts completely.

Cigarette waste remains out of sight & dry, making disposal hassle free.

Built in lock, easily cleaned & emptied thru the locked stainless steel flap door at bottom of unit.

Ecolad 24" CDU

A larger capacity of our 14" design model.

A practical and attractive outdoor ashtray that is traditionally wall mounted or may be banded to a post.

Fabricated in heavy gauge rust resistant stainless steel with an upscale polished finish.

Weather tight compartment extinguishes butts completely.

Cigarette waste remains out of sight & dry, making disposal hassle free.

Built in lock, easily cleaned & emptied thru the locked stainless steel flap door at bottom of unit.

ECO3601-24

Dimensions: 3.5" diameter / 24" height

Weight: 8 lbs.

Capacity: 1.5 gallons / approx. 1500 butts

Ecolad Freestanding CDU

Freestanding model ideal for entrances and common smoking areas.

A practical and attractive outdoor ashtray that can be secured to the ground or any other flat surface.

Fabricated in heavy gauge rust resistant stainless steel with an upscale polished finish.

Weather tight compartment extinguishes butts completely.

Cigarette waste remains out of sight & dry, making disposal hassle free.

Built in lock, easily cleaned & emptied thru the flap door at bottom of the removable inner cylinder.

ECO3603

ECO2403

Size: 10"wide x 5"depth x 12"height

Weight: 5 lbs

Capacity: .75 gallons / Approx 750 butts

Ecolad Ash Stand

A purpose designed Cigarette Disposal Unit, for use at building entrances or at smokers corners. The Ash Stand is highly durable the outer is manufactured in powder coated galvanised steel with Stubbing Grille. For total weather resistance, the hood design shelters the Ash Container from the rain.

Ash Stand's Grille is designed to accept cigarette waste, but is small enough to discourage other rubbish and minimize any security risk.

Stainless Steel Liner

A 2 gallon stainless steel liner is easily emptied thru the locked front door.

ECO3207

Dimensions: 8.5" wide x 8.5" depth x 40" height

Weight: 40 lbs.

Liner Capacity: 2 gallons /approx 2000 Butts

Ecolad Cigarette Waste Container

The Ecolad Cigarette Waste Container is an attractive way to keep any public space, entranceway or smoking area ash free!

It is constructed of 100% rust resistant and fire safe aluminum. Easy to clean and maintain

Durable clean appearance and space saving design with a anti-theft aluminum mounting bracket.

The cigarette butt disposal opening is 2 1/8" wide x 5/8" height and features a rain gutter design that reduces rain into the unit.

The unit is easily emptied thru the air tight fire resistant seal ring flap door at bottom of unit... No handling of waste.

ECO1601

Dimensions: 3 1/8" diameter x 19" height

Weight: 3 lbs.

Capacity: .530 gallons/ Approx. 600 butts

The Ecolad Cigarette Waste Receptacle is an attractive way to keep any public right away, entranceway or smoking area ash free!

It is constructed of 100% rust resistant and fire safe aluminum. Easy to clean and maintain

Durable clean appearance with a anti-theft aluminum mounting bracket.

The cigarette butt disposal opening is 2 1/8" wide x 5/8" height and features a rain gutter design that reduces rain into the unit.

The unit is easily emptied thru the air tight fire resistant seal ring flap door at bottom of unit... No handling of waste.

ECO1602

Dimensions: 3 1/8" x 3 1/8" square x 19" height

Weight: 3.5 lbs.

Capacity: .660 gallons/ Approx. 700 butts

Ashmount SG

A purpose designed wall or pole mounted Cigarette Waste Receptacle. The Ashmount SG is durable and attractive. Manufactured in weather and vandal resistant 100% recycleable (Black) Durapol® polymer ensuring a long and maintenance free life.

The unit is fitted with the SmokeGuard, an ingenious smoke dampering device fitted underneath the stubbing grill and within the liner. In the event a smouldering cigarette butt is deposited in the unit, SmokeGuard will ensure that the majority of smoke generated will remain within the unit.

The galvanized steel liner is easily removed and emptied from the front 180° door that is locked and attached to the unit with a integrally moulded knuckle hinge.

ECOASM140

Dimensions: 4.5" depth / 7.5" wide / 21" height

Weight: 4.25 lbs.

Capacity: 1 gallon / approx. 1000 butts

Ashguard SG

A purpose designed freestanding Cigarette Waste Receptacle. The ASHGUARD SG is durable and attractive. Manufactured in weather and vandal-resistant 100% recycleable (Black) Durapol® polymer ensuring a long and maintenance free life.

The unit is fitted with the SmokeGuard, an ingenious smoke dampering device fitted underneath the stubbing grill and within the liner. In the event a smouldering cigarette butt is deposited in the unit, SmokeGuard will ensure that the majority of smoke generated will remain within the unit.

Cigarette graphics are positioned on the door, each side and on the back of the unit; allows to be recognised from any angle- 360 degree usage.

Easily identifiable with 2 heat resistant stainless steel stubbing grilles and small aperatures for easy disposal of cigarette waste and small enough to prevent other forms of litter being deposited.

Anodised aluminum domed top prevents litter being left on the top of the unit.

Easily anchored to the ground (anchors included) or the free-standing option allows the unit to be removed and stored.

Easily emptied. Built in lock.

ECOASG130

Dimensions: 8" depth / 11" wide / 40" height

Weight: 20 lbs.

Capacity: 2.3 gallon / approx. 3500 butts

Ecolad Wall Mounted Ashbin

A clean and effective way to maintain cigarette waste, commonly wall mounted in outdoor smoking areas.

Made of galvanized steel with a tough powdercoated black finish.
